

The Complete Digital Resource

The Essentials for Conducting Thorough Research - All from One Site!

Britannica Academic provides fast, reliable and convenient access to high quality content whether it's a comprehensive answer or just a quick and clear overview of a topic, event, fact, place or person.

A fresh and engaging look, with a new user interface and a cleaner overall design. Predictive search together with Keyword and Boolean options make this fast and easy to use.

- **Support ESL Students**

Discover excellent multi-language support tools with Translate, Text-To-Speech, Double-Click Dictionary and Variable Font Size.

- **Fast Citations**

Integrated automatic citation tools for MLA, APA, Harvard or Chicago Manual of Style, make it easy and convenient for students to cite their work accurately.

Trusted by More Colleges and Universities than any Other General Reference Resource

Institutions include Australian National University, Chinese Academy of Sciences, Columbia University, Cornell University, John Hopkins University, Peking University, Princeton University, Stanford University, University College Dublin, University of Notre Dame, University of Oxford, University of Southern California, Universiti Teknologi MARA (UTM) Malaysia, Washington University and many more.

Easy Technology Integration

Greater discoverability of resources:

Easily integrates with your institution's discovery layers resulting in fast and relevant results. Britannica Academic offers an API that can be used to integrate the content into federated search tools, as well as offering LTI and IP authentication options. Britannica Academic is accessible across all devices and screen sizes.

- **Integrated Article Page**

Provides access to Media, Related Content, Citations and Topics all on one page.

- **Universal Access**

Britannica's Universal Access enables users to access Britannica Academic content through Google and other search systems, databases, and single sign-on technologies.

My Research

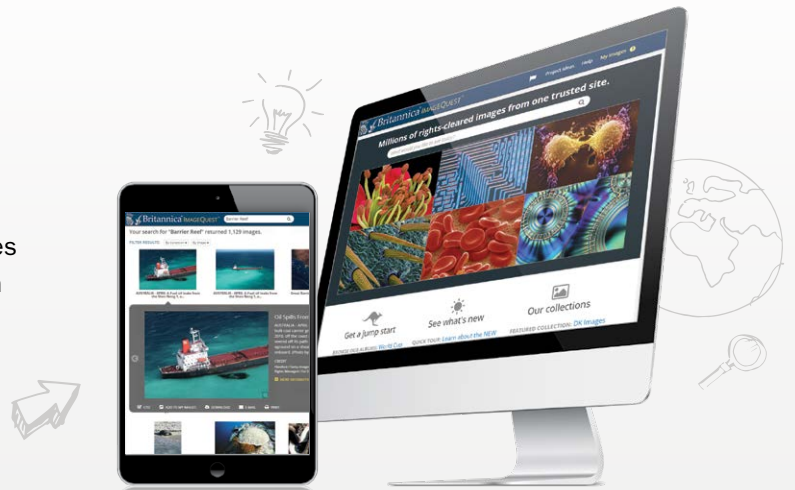

Allows students and faculty to easily manage all of their research in one place. Create, edit, organise, save and share your favourite content.
