

# Task: Medieval Castles

Medieval Castles were extremely important during the Middle Ages. They provided people with safety and protection. Research what castles looked like, the different parts of a castle, the purpose of each part and what materials were used in their construction.

## Appearance

What did medieval castles look like?

## Features

Describe the different parts and features of a castle and what their purposes were.

## Construction

What materials were used in the construction of a castle and why?

### Bonus Activity:

Using your knowledge of medieval castles, design a castle and construct it using cardboard, construction paper, string, paper towel rolls, Styrofoam, wood etc. **DO NOT** use food or Lego or any kind of building “kit”.
