

Britannica School Insights is a free Google Chrome extension that helps to safeguard Britannica School users against misinformation and unreliable sources when they search online.

ADD TO CHROME

Once the extension is added, search using Google or Bing and relevant, fact-checked Britannica School content will appear in the top right corner of your results page.

To install on your device, click "Add to Chrome" or search "Britannica School Insights" on the Chrome Web Store. For assistance, please contact support@eb.com.au

Join 700,000+ students and teachers using Britannica School Insights!

Why Britannica School Insights?

- Ensure students always have access to a safe, reliable source for curriculum-related searches
- Build media literacy by encouraging students to think about the origins of information online
- Make every minute of screen time count with more time learning and less time looking
