HUNT

Are you ready to explore Britannica Studio?

Britannica Studio's
Scavenger Hunt

Welcome, Educator!

This scavenger hunt is designed to guide you through Britannica Studio's powerful **Build It, Teach It** feature.

You'll build custom content aligned with your curriculum, focusing on a topic or unit of work that you want to create for your learners. Think of this as a treasure hunt where each step unlocks new tools that will help you build resources that meet the learning needs of all your students.

Your Objective:

Create a complete set of activities, including a levelled passage, assessments, summaries, and vocabulary lists - all ready to use in your classroom!

Before You Begin

Here are some tips to get the most out of your exploration:

☐ **Follow the steps in order.** Each one builds on the last.

☐ **Take screenshots or notes on key steps –** things you want to do again.

☐ **Go to <ins>studio.eb.com</ins> and log in.**

Let's Begin!

STEP 1 Build Your Core Passage

- Once logged into Britannica Studio, click on the **Build It, Teach It** button.

Build It, Teach It
Create a passage, then access every tool in a single workflow.

- Select your year level and how long you want the passage of text to be.

- **Decide on your passage type:** Choose "Long Text" for in-depth exploration (ideal for historical analysis) or "Short Text" for quick overviews.

- Copy and paste your **curriculum codes** and **description** inside the text. You will see **"Add Suggested Topics?"** Click on the button and select the topics that will help you narrow down the focus of your content.

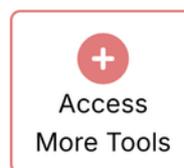

Once you have entered the topics, click "Generate".

Treasure: A complete, verified passage from Britannica sources.

STEP 2 — Level for Accessibility

- Go to "Access More Tools" (bottom left).

- Click "Level It."

- Select a lower reading level (e.g., Year 5) and click "Generate."

- Repeat for other levels if needed.

Treasure: Differentiated passages for diverse learners.

STEP 3 — Level for Accessibility

- Return to "Access More Tools."

- Click "Vocabulary Builder."

- Choose 15 words and include a matching quiz (hit the "Toggle" option).
- Click "Generate." You can edit as needed. Edit ✎
